Patent No. 6,777,231 B1

Patented: August 17, 2004

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 U.S.C. 256, it has been found that the above identified patent, through error and without any deceptive intent, improperly sets forth the inventorship.

Accordingly, it is hereby certified that the correct inventorship of this patent is: Adam J. Katz, Charlottesville, VA (US); and Ramon Llull, Mallorca, (ES).

Signed and Sealed this Ninth Day of November 2010.
